SACC ANNUAL GENERAL MEETING

TUESDAY THE 10TH OF JULY 2018

PRESIDENTS REPORT

Hi Members

As we all get older the time goes faster as it did for me over the past two years. When I took on the role of president I was very apprehensive. I did not know what to expect nor how to continue on the great work that Gordon Thorpe had done to make the club what it was.

The last two years have taught me a lot about managing not only a committee but a club. Although I have held the position of president in other organisations it has not been until this club I have learnt many things.

- Patience
- Acceptance – of differing opinions.
- Negotiation – with not only issues within our club but with outside organisations.

I wish to thank the Executive and Committee Members for their support during my term. The commitment and experience that the committee have is, to say the least, very impressive. I must give a big thankyou also VP Mike Greenwood who has stood in for me at meetings several times in the last year to enable me to have two knee operations and when I went on another cruise. I would also like to thank Steve Adams for stepping in at short notice to take over the role of newsletter editor. I think everyone would agree that he has and is doing an awesome job.

The biggest issue discussed within our club this last year has been the new 'Historic Registration regulations'. Given the fact that at several general meetings there was quite a lot of 'emotion' shown by members in regards to what our club should do especially in regards to accepting all types of vehicles, modified or not and if we as a club still wished to keep with the past and continue with inspections of vehicles. After many at times 'controversial' and very 'emotional' discussions decisions were finally made, actions to change our constitution was worked on and completed.

The club has built on its membership quite substantially in the last year. I would like to believe that this is largely due to the extensive publicity we have done in the last year. Realistically though it would have to be noted it is due to the change in historic registration and the new 30 year rolling registration plan. I would like to make a big special welcome to all new members that have joined in the last year. I hope you have had many opportunities to attend the many events and runs that we have.

Speaking of publicity it is worth noting we have attended 4 local events in the last year to promote and publicise our club. These events gave us the chance to show off our new club banners. Believe me they look fantastic..

Cont.

The 2018 Cars of Australia event was not held this year due to the oval not be available for the day we required it due to a weeklong cricket carnival. Another reason was that after 4 years of holding the event I felt that all our volunteer members required a break from helping with this event. The club commenced looking for another type of event to be held so we could show the township of Strathalbyn that we were still around. The several ideas for events have unfortunately not been possible due to the date and time constraints.

We now also have available our new club tops, caps and hats. Many club members have ordered and received these tops. I can say that when we head out on our club trips it is with great pleasure to see members wearing the tops. Please remember that if you are, in particular, planning at any time to attend an event that we are publicising our club or attending a trip with another club that you please wear the tops if you have one.

Not only do have we new tops for the club we have also spent some of our funds on other needed club equipment such as some new gazebos, new banners and new signs to go on the gazebos. All this equipment has been used several times now at club display events.

We have also had many exciting, varied and interesting trips over the last year. We have been to the Riverland, seen a lot of different museums, Second Valley, Wellington, Tailem bend, held display of cars at the annual antique show, Mt. Barker show, Callington show and Strathalbyn Show and of course our annual mystery run which was this year won by Doug & Vivien Hill.

To end my final report I would like to thank all members for their support and at times kind words about the role I was elected to do. I really cannot state more emphatically about us all getting out and enjoying our vehicles. Why have a vehicle and you not get out and enjoy it, remembering of course the social side of things that getting out and about in your 'trinkets' brings with it. Our club, I would like to stay prides itself on being a very social club and I am glad to say that (to my knowledge) there are no little 'clicks' or groups of people that keep to themselves. It is obvious from the many events and trips that I have attended we all mix together well as a club. I hope for this to continue.

Remember safe travels.

Bye for now.

Lyssa Liebelt

President 2016 - 2018

LOG BOOK RENEWAL 2018

Hi everyone,

STRATHALBYN AUTO COLLECTORS CLUB held a yearly update for members with vehicles last SUNDAY 24TH JUNE AT my place.

ALL MEMBERSHIPS TO BE PAID PRIOR TO JUNE 30TH 2018

LOG BOOK YEARLY UPDATES WERE CARRIED OUT BY THE CLUB AUTHORISED PERSONS.

New changes to dog registrations

There has been a recent change in the behaviour of men in Macclesfield who have been found to be gathering in sheds; building things and sharing stories

"The Maccy Men's Shed is a local success story for all those involved," said Ken Smith, coordinator of the Macclesfield Men's Shed.

"A few years ago we decided a men's shed would be a great idea and started looking for a suitable place and permission to have it at the Macclesfield Recreation grounds (next to the old change rooms at the main oval)."

"Thanks to a local farmer, a large unused shed was sourced, dismantled and relocated by the group to its new site. After numerous busy bees (and the odd coffee break) it was rebuilt to cater for future use by the group."

"We are all thankful to our local community for their support and donations of very useful equipment to get the shed started," Ken said.

"We've had wonderful support from the Macclesfield Uniting Church, Council (especially local councillors), the Australian Men's Shed Association (community groups) and numerous other people."

"Men of all ages and locations are welcome, we even have members from Strathalbyn and Prospect Hill. Our main aim is to provide a place for men to meet and engage in activities which add value to our community," added Ken.

"The Maccy Men's Shed has developed a safe and happy environment where men are welcome to work on community projects (or a project of their choice) and where the only 'must' is to observe safe working practices in the spirit of mateship," said Peter McGinn, Council's Senior Community Development Officer.

"This is a great win for Macclesfield and for the entire District. The potential partnerships and benefits of local groups such as the Men's Shed will only be limited to the creative capacities and imaginations of their members and will deliver fantastic outcomes to all concerned," added Peter.

The new men's shed is working closely with other local community groups and businesses, and a number of projects and courses have already been identified to provide benefit to the wider community whilst giving purpose and meaning to those in the shed.

"We look forward to our shed being an important and respected addition to our community and thank every one of our members for the fantastic achievement of establishing our shed over the last couple of years," Ken said.

"The shed is not fully operational yet, but we expect to have an official opening in a few months!"

SAFETY INFO

Car headrest posts used for Emergency exit from a car....

WORTH SHARING !!!

MY GOOD DEED FOR THE MONTH

I hope no one ever needs to do this. I always wondered why the 2 posts on the bottom of the headrest were pointed, now I know.

⚠ The headrest of car seats is deliberately kept detachable and sharp so that it could be used to break open the glass of car in case of fire and emergency. The car's glass too are kept easily breakable from inside. Very few people know about it and thus can't save themselves in case of emergencies. Please share it with as many possible and educate.

SECOND VISIT TO PAECH FARM - SUNDAY MARCH 11 2018

A cloudy day to start with and later on sunny with a nice breeze which was perfect for this visit to Steve & Bev Paech's property between Wistow and Mount Barker.

For those who had been before it was great to have a look at all the items they and their families have kept going back over 3 generations. For those who were first time visitors were greeted with such a huge variety of farm and household memorabilia all in one location, quite overwhelming!

A total of 18 members headed out of Strathalbyn for the relatively short run through Wistow to the Farm.

As they signed the sheet:

Rory & Lyssa Liebelt; Roy & Noreen Smith; Keith Bowler and friend Loraine ; Reg, Emily and Barry Westley; Jan & myself; Gilbert Haywood; Ian & Bev Evans; Peter Barreau; Leith Ferguson and friend Elizabeth & last but not least Rivette Murphy made up the friendly group.

Over a cuppa Steve Peach gave a brief history of the changes over the years of the crops grown on the farm, the family living accommodation through the years and how it was run in days gone by. Bev Paech then gave a brief talk about the collection of items spread over all the outbuilding and the main homestead.

We all then went up to the top buildings and worked our way down back to the bottom shed where we were served a lovely selection of BBQ meats and fresh farm grown salads and the most delightful fresh baked breads, plus some more little tarts and cheese & biscuits, there was either tea or coffee to finish up with.

Our members spent lots of time reminiscing over all the old newspapers and just wandering around this shed with such a variety of items from stationary engines to tractors and all forms of tools which have survived the years.

This collection by such an enthusiastic couple is testament to the fact that they are already booked out well into next year, so we were lucky to have had such an opportunity organised by our Bryan Chapman.

REPORT - MID-WEEK RUN TO ALEXANDRINA CHEESE FACTORY AT MOUNT JAGGED

We had a total of 20 members on this run on a pleasant but windy day.

Because of its location on the Adelaide to Victor Harbour road I made a change to the drive in order to avoid right hand turns on this busy road particularly as the two entries onto this road were uphill so by reversing the run it made it safer for all.

The Alexandrina Cheese Factory staff had been forwarded of our arrival, and were very keen to give us a showing and tasting of the lovely organically manufactured products, mainly cheddar style but they also made products such as wonderful yoghurts and the best cream I have tasted!

All the group spent quite some time over Coffee and lovely cakes mainly all inside their sales area as the wind outside was not conducive to hot drinks.

I am sure that all who went had a pleasant time before heading back via the Crows nest Road into the back blocks of Port Elliot and headed to Strathalbyn.

BLACK HILL RUN - 11 JUNE 2018

A small but enthusiastic group of SACC members left Strathalbyn at 08.30 am for a slightly longer run to the hills above Walker Flat and in particular to the small community of Black Hill.

I would like to thank Bryan and Sonia Chapman for setting up this very interesting visit to a rural property we were unlikely to visit without their involvement. So Thanks to you both!

I had mentioned at the May MGM that there was a few K's of dirt road out past Cambria but following a little bit of rain the road was pretty good actually.

We took the back roads through to Mannum, avoiding the truck & ute show, and continued on through acres and acres of prepared paddocks of hay or wheat awaiting the winter rains and had a stop at Cambrai at the very well stocked bric-a-brac cottage where some members spent a few dollars on the best bargains around.

The drive to Wayne & Victoria's property saw us driving along real old dirt roads skirting around and generally following the river amid huge river gums, classic roads which take one back in time until we turned into their property and headed up to the airfield above the house and sheds. Wayne was just coming into land in his little single engine biplane having taken his grandson for a short flight.

He is a man of exceptional talent who flies to small airfields and services a number of airplanes and was very interesting to hear some of the stories about some of the planes and motorbikes in the hanger.

We then drove down to the main home and were amazed to see what he has in a number of sheds garages and sea containers.

The pride of his collection were beautifully displayed out of the main garage and we were given full history of each. But the real passion of his is his love of motor bikes, mainly all Honda's in all models all fully registered and used around his property. There were so many more in the containers plus other cars he has built up while we wandered around with a cup of tea or coffee to warm us up.

A vote of thanks was given to both Wayne & Victoria as we set off on the next part of our run, not too far away we turned into a narrow road signposted Shell Hill, here we saw a huge mound of oyster shells about 15 ft high which have been preserved from when this part of the earth was under water millions of years before.

After a short stop we continued on to Walker Flat for our picnic lunch, Bryan had organised for our group to have access to the river bank and we parked our cars on flat grassed area where we could watch the world and the water go by while we chatted and shared comments about the visited property.

The following enjoyed the day:

Elaine & Bob Sellar; Rae & Cameron Mighall; Sonia & Bryon Chapman; Marylyn & Ian Bell; Ken Winnen; Di & Gordon Thorpe and Jan and myself.

Mike Greenwood – Events—Strathalbyn 12.6.2018

Black Hill Run continued...

2018 GLYN MORRIS MYSTERY RUN

On Sunday 20th May 2018 the fourth Glyn Morris Mystery Run was very well organised by David & Vivien Pegler on a very nice autumn morning by a total of 34 members and friends.

Obviously everyone had no idea where they were sent us off to all I knew was that we were to end at a hotel!

Each car was sent off at 30 second intervals with the handed notes giving certain directions and asking all sorts of questions we had to find and record along the way. Seems pretty easy doesn't it? Well no! a certain amount of re-versing or retracing ones drive to find an elusive answer, they were very sneaky those Pegler's, and the competition was pretty hot.

The run led us from Strathalbyn through the back streets of Willyaroo down the nine mile road into Milang and then a right hand turn through the long straight roads heading towards Finnis. We were told to turn off this road and on towards Currency Creek and then left along the main Strath- Goolwa road finally finishing in Goolwa at the Goolwa Hotel where Peter met us with a concerned look asking if we had any difficulties! What a cheek of course we did having managed to write down an answer to all the questions but having strained our eyes for some 3 hours and some members hardly talking to their partner we settled down to ease the stress with a well earned drink and the big decision of what to have to eat from the special menu organised by David & Vivien.

The members then enjoyed a hearty meal while we waited for the last members to arrive, and then David & Vivien went into a huddle over all of our entries to find the winners.

Before we had our sweets (the Car Club paid for all of us which is the tradition for this special event) David gave us the correct answer to all the questions we had on our sheets where there were a number of groans when members got it wrong! At the end of this the winners were announced!

Doug & Vivien Hill! Were congratulated by all and were handed the Glyn Morris trophy by Glyn himself.

All in all a very successful and enjoyable but challenging day! So well done to the Pegler's and to the winners: Doug & Vivien Hill

Glynn Morris Mystery Run continued...

MANNUM LUNCH RUN - APRIL 2018

A good group of members decided to be part of this run which was wonderful to see. Plus Lea & Barry Westley and family were last minute additions who decided to join as well. This made a total of 31 who set off using the Old Princes Highway as far as Monarto and then across country to the river town of Mannum some 70 Kms away.

The day turned out to be a perfect Autumn day just right for a leisurely drive along less frequented all sealed roads. The route wound down into the township along the River Road thus avoiding the main street and giving us a very pleasant parking spot beside the Mary Ann Reserve by the River Murray.

Those who attended were:-

David & Althea WALSH – Citroen

Ian & Marilyn BELL- Valiant V8

Doug & Vivienne HILL – Porsche

Rivette MURPHY – Holden Ute

Lesley & Rex JEANSCH – Toyota

Gay & Graham BROOK – Toyota

Ken & Lorraine WINEN – Jaguar XJS

Harry & Vera MOYLE – Holden Commodore

Gordon & Di THORPE – Jaguar XJ6

Peter & Cheryl BARREAU – Austin Healey BJ8

Mike GREENWOOD & Jan DINAN – Mercedes Benz

Carleinne Vandernakker & Kym – Toyota

Sigi & Tina STOEGER – Rover V8

Joe & Heather GEUE – Ford Falcon Ute

Lea & Barry WESTELY & Family – Holden Commodore

The group moved on to have lunch at the Mannum Community Club where we had the benefit of a superb view of the River with all the activity drifting past along on the River Murray. After a delightful chatty meal with all the members we left and some headed over the river on the ferry and returned back home to Strathalbyn on the other side of the Murray for a change. Other members had a chance to catch up with other friends or used the day to see the area then made their own way back.

Mike Greenwood - Events

Mannum lunch Run Continued...

STRATHALBYN AUTO COLLECTORS CLUB Inc
MINUTES OF THE MONTHLY GENERAL MEETING 8th MAY 2018

President Lyssa Liebelt opened the meeting to some 69 members and friends at 07:30pm.

APOLOGIES: Rory Liebelt, Ian Hentschke, Eamon Power, Greg Myer, Peter Morrison, Sue Farrell, Kevin Thomas, Alison Smith

VISITORS: Jason Wotton, Kate Knight (Knipe), Ian Hogben, Andy Reynolds, John Taylor, Michael Larkin, John Owen, Lorraine Burgess, Paul Cheney

NEW MEMBERS PRESENT: David Paterson
